Llyn Padarn Biodiversity Show - 7th June 2014

The 'Loving our Lake' project team is inviting families, residents, businesses and Llyn Padarn supporters in the Llanberis area to come to the 'Llyn Padarn Biodiversity Show' on Saturday, 7 June 2014.

"With our partners we want to offer people the chance to come and see for themselves how we are working together to look after the lake and its wildlife and what they can do to help us to protect Llyn Padarn," says Emma Edwards-Jones, Project Manager for the 'Loving our Lake' project.

This free event, to be held at the Canolfan, Llanberis, between 10.30am and 2.30pm, has hands-on activities for all the family, for example;

- Attempt 'The Drainage Challenge' to try and build a drainage system for a village like Llanberis;
- Meet the Fish, see the beauty of Llyn Padarn's Arctic Charr and find out what is being done to protect them;
- Visit the Llanberis Wastewater Treatment Works, an unusual opportunity perhaps, but the Works play a vital role for Llanberis, tours at 11.30am or 1pm.

"Perhaps visiting the Llanberis Wastewater Treatment Works is a rather unexpected local tour. But this is a unique chance to understand how the £2.5 million recently invested here by Dŵr Cymru Welsh Water, has been spent and is working to protect Llyn Padarn," says Emma.

Loving our lake project was established to work with local residents and businesses to ensure that we all do what we can to protect the water quality of the lake. The 'Llyn Padarn Biodiversity Show' is a joint initiative by Loving our Lake, Snowdonia National Park Authority, Natural Resources Wales, Dŵr Cymru Welsh Water, Afonydd Cymru and Padarn Country Park.

More information on the event and suggestions on how people can change their habits to help prevent pollution can be found on the 'Loving our Lake' Facebook Community Page (search for 'LlynPadarn'), and online at www.loving-our-lake.org. This website contains details of how residents and businesses can make simple changes to make a big difference.

"Please join us on Saturday, 7 June and come along to be amazed by the biodiversity of Llyn Padarn and the challenges of its management," says Emma.

Notes To Editors:

1. The 'Loving our Lake' project has been developed and delivered by Snowdonia-Active, a social enterprise based in Caban, Brynrefail.
2. The project is supported by Natural Resources Wales and Dŵr Cymru Welsh Water.

Eryri-Bywiol 21 Mai 2014

Sioe Bioamrywiaeth Llyn Padarn – 7 Mehefin 2014

Mae tîm prosiect 'Caru ein Llyn' yn gwahodd teuluoedd, preswylwyr, busnesau a chefnogwyr Llyn Padarn yn ardal Llanberis i ddod i 'Sioe Bioamrywiaeth Llyn Padarn', ddydd Sadwrn 7 Mehefin 2014.

"Gyda'n partneriaid, rydym yn dymuno cynnig cyfle i bobl gael cipolwg ar sut rydym yn gweithio gyda'n gilydd i ofalu am y llyn a'i fywyd gwyllt, a beth allant wneud i'n cynorthwyo i warchod Llyn Padarn," meddai Emma Edwards-Jones, Rheolwr Prosiect 'Caru ein Llyn'.

Cynhelir y digwyddiad rhad ac am ddim hwn yng Nghanolfan Llanberis rhwng 10.30yb a 2.30yh, a chynigir gweithgareddau ymarferol i'r teulu cyfan, er enghraifft:

- Rhowch gynnig ar 'Yr Her Draenio' i geisio adeiladu system draenio ar gyfer pentref fel Llanberis;
- Dewch i gwrdd â'r Pysgod a gwerthfawrogi harddwch y Torgoch, a dysgu pa waith sy'n digwydd i'w gwarchod;
- Ymwelwch â Gwaith Trin Dŵr Gwastraff Llanberis, cyfle anghyffredin efallai, ond mae'r Gwaith yn chwarae rhan hanfodol er lles Llanberis. Bydd ymweliadau am 11.30yb neu 1yh.

"Efallai fod ymweld â Gwaith Trin Dŵr Gwastraff Llanberis yn ymweliad lleol digon annisgwyl. Ond bydd yn gyfle unigryw i ddeall sut mae'r £2.5 miliwn a fuddsoddwyd yma yn ddiweddar gan Dŵr Cymru Welsh Water wedi cael ei wario, a sut mae'n gweithio i warchod Llyn Padarn," meddai Emma.

Sefydlwyd prosiect Caru ein Llyn i weithio gyda phreswylwyr a busnesau lleol i sicrhau y byddwn yn gwneud popeth a allwn i warchod ansawdd dŵr y llyn. Mae 'Sioe Bioamrywiaeth Llyn Padarn' yn fenter ar y cyd gan Caru ein Llyn, Awdurdod Parc Cenedlaethol Eryri, Cyfoeth Naturiol Cymru, Dŵr Cymru Welsh Water, Afonydd Cymru a Pharc Gwledig Padarn.

Mae rhagor o wybodaeth am y digwyddiad ac awgrymiadau ynghylch sut gall pobl newid eu harferion i helpu i atal llygredd ar gael ar Dudalen Facebook Cymunedol 'Caru ein Llyn' (chwiliwch am 'LlynPadarn'), ac ar-lein yn www.loving-our-lake.org. Mae'r wefan yn cynnwys manylion ynghylch sut gall preswylwyr a busnesau wneud newidiadau syml a wnaiff wahaniaeth mawr.

"Ymunwch â ni ddydd Sadwrn 7 Mehefin, ac fe gewch eich rhyfeddu gan fioamrywiaeth Llyn Padarn a heriau'r gwaith o'i reoli," meddai Emma.

Diwedd / Ends

Nodiadau i Olygyddion:

1. Mae prosiect 'Caru ein Llyn' wedi'i ddatblygu a chaiff ei redeg gan Eryri-Bywiol, menter gymdeithasol a leolir yn Caban, Brynrefail.
2. Mae'r prosiect yn cael ei gefnogi gan Cyfoeth Naturiol Cymru a Dŵr Cymru Welsh Water.
